As we are moving on closer to this event, there is a group on Facebook under the title, Pyrenean World Conference, where we can all see the questions asked and progress as the Conference agenda and weeks activities develop. Will you please join the group by either visiting the site and joining or drop me an email and I will add you to it. I do understand that some of you may not wish to join the group on Facebook so will keep on sending info out by email, more regularly as we move nearer to the event.

There are other hotels and camp sites in the area should you require details, but the main activities are around the Chesford Grange Hotel location. We will be having a social day with a British twist on the Sunday with many activities and hands on presentations at Claverdon....See you there!
