

Vestfyn Aikikai invites you to:

10 Year Anniversary Seminar

With **Yutaka Iwakata sensei – 6th dan**

15 – 18th August 2019

Soon it will be 10 years since we started our dojo, and during those years, we have had the pleasure of a growing relationship with Iwakata sensei. A diligent student of Nishio sensei and a strong supporter of international collaboration and friendship for Aikido people who have had the fortune of training with Nishio sensei.

Iwakata sensei has been to Denmark several times as assistant to Nishio sensei, and is always an example of serious training with a joyous mind. His Aikido has a high level of technical precision and skill, while still being very soft and kind. We hope many of you will join this seminar to celebrate Aikido and our dojo.
