ERGOMOVER 1500 - MANIPULATOR W/90° TILT

ErgoMover 1500 - Manipulator is made especially for installation of dry wall elements and is as standard equipped with both hydraulic lifting function and hydraulic tilting function. Used along with the ErgoLoader and the ErgoMounter you can bring drywalls all the way from the truck to the wall - without straining the back.

	Incl. forks	Excl. forks
Lifting capacity	1.100 kg	1.100 kg
Max. driving speed	6 km /h	6 km/h
Speed control	Stepless	Stepless
Wheels (option)	Foam filled tires	Foam filled tires
Voltage	24 volt	24 volt
Charger	Integrated 230 volt (110 volt)	Integrated 230 volt (110 volt)
Lifting function	Electro-hydraulic	Electro-hydraulic
External length (without handle)	1.670 mm	1.670 mm
External length (with handle)	3.075 - 3.175 mm	3.780 mm
External width	700 mm	700 mm
Weight	440 kg	425 kg

SAFETY

All lifting and tilting functions are made by a powerful electrical-hydraulic system with build-in-safety functions. The trolley was developed in cooperation with professional users and meets all requirements for safe and reliable operation.

**Ergo
Loader**

ERGOLOADER

ErgoLoader is a powerful mobile plate rack with wheels that can receive a FULL pallet plasterboard (42 pcs.) in upright position directly from Ergomover 1500 Manipulator. The plaster boards are then held in the ErgoLoader until they are mounted on the wall, and thus occupies the minimal floor space. Ergo Loader can safely and easily be handled by one person.

The ErgoLoader is equipped with two sets of forks. Long forks for holding an entire pallet of plaster boards (42 plates), and short forks to transport half a pallet (21 plates). When the short forks are mounted the ErgoLoader can run through a doorway with a half pallet of plaster boards

**Ergo
Mounter**

ERGOMOUNTER

ErgoMounter is a unique trolley for ergonomic and efficient installation of drywall. Using ErgoMounter in combination with ErgoMover 1500 - Manipulator you can install wall elements without sweat or back pain. ErgoMounter is a flexible tool that can be used for mounting all panel widths and - heights. The unique design means that ErgoMounter can be stored with a plate ready for installation. Large pneumatic wheels for maneuverability - even in often very uneven floors.
